ADDITIONAL INFORMATION

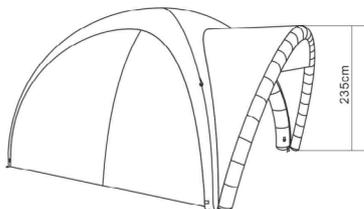

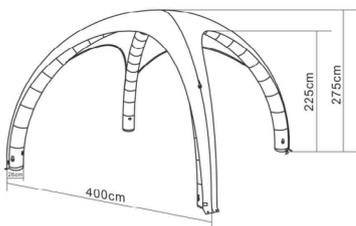

The Alpha is a lightweight, high-pressure inflatable tent with an elegant and striking design. This inflatable shelter is available in a variety of sizes from our compact 3x3m to a massive 6x6m. Setup is quick and easy, and the roof is attached to the inflatable tent frame for an even more convenient setup.

An optional awning can also be added to one or all sides. The legs have additional valves so water can be added to provide ballast / counterweight when used outdoors for events or promotions.
