

BWP WINDOW HANG

BWP90 WINDOW 90

BWPF WINDOW FLUSH

OUTDOOR BANNERS

SUCTION CAP WINDOW BANNERS

The Flush Window Banner attaches via a multi-suction cap technology to offer an easy setup. The banner sits against the window allowing for the banner to be viewed from the same angle as the window.

The Window 90 banner sits perpendicular to the window using a multi-suction cap technology. Setup is easy and provides visibility for viewing from a distance.

The Window Hang Banner sits on the wall using a multi-suction cap technology. The banner is designed to be held at an angle in the same style as common teardrop banners.
